Gentlemen:

On behalf of TDK Systems Europe, Ltd., the additional information is provided to clarify that the radio chip set used in this unit is identical to the chip set used in a unit approved under FCC ID: PNI8001001. This chip set the RF and IF systems integrated in a single package, thus the processing gain for this unit is identical to the approved unit. This equipment is identical to the equipment currently approved for, Tactel AB FCCID: PRK531102. The TDK unit uses the Ericsson Microelectronics AB radio transceiver which has been approved under FCC ID: PNI8001001.

Regards,

Phillip Inglis
