Solder Board-Component View 3	 A photograph of a small green printed circuit board (PCB) component, labeled 'JK BT V1.0', mounted on a blue textured surface. The component features several electronic components including a black integrated circuit, two electrolytic capacitors, and various resistors. A black L-shaped ruler with white markings in millimeters is placed next to the component for scale.
Solder Board-Component View 4	 A photograph of the same green PCB component from a different angle, showing the underside. It displays the solder joints and the reverse side of the components. The same black L-shaped ruler is used for scale.

Solder Board-Component View 7	 A photograph of a green printed circuit board (PCB) component, labeled 'View 7', placed on a blue textured surface. The component is U-shaped with a central rectangular cutout. It features several circular solder pads and a small electronic component on the right side. A black L-shaped ruler with white millimeter markings is positioned to the left and bottom of the component for scale.
Solder Board-Component View 8	 A photograph of the same green PCB component, labeled 'View 8', showing the reverse side. It displays a series of circular solder pads and various electronic components, including a small integrated circuit. A black L-shaped ruler with white millimeter markings is positioned to the left and bottom of the component for scale.
