Dear Sir or Madam:

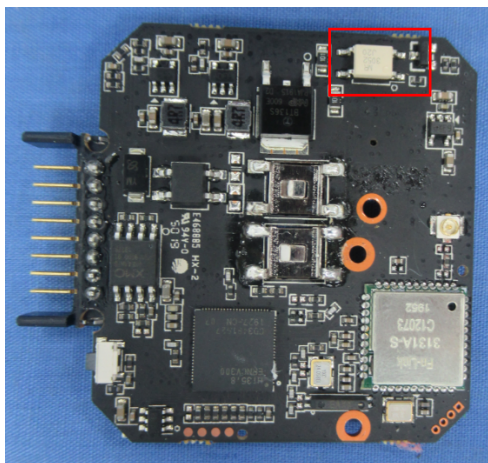

We, Hangzhou Meari Technology Co., Ltd. hereby declare that product name:

Wireless DoorBell (model name: Bell 1S, Bell 1S_DC. FCC ID: 2AG7C-BELL1S).

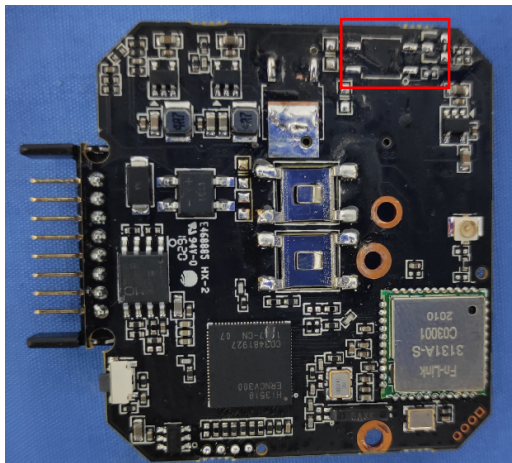

Bell 1S and Bell 1S_DC are designed based on the same product, only slight differences between them. Bell 1S has been tested by BACL.

The differences of them are as follows:

1. Model name.
2. Bell 1S_DC has fewer components than Bell 1S (these components(highlighted in red) control the mechanical bell, which doesn't affect the RF performance, so the radio parameters of them are the same). Please check the photo as below:

Please contact me if there is need for any additional clarification or information.

Best Regards,
