

DIGI SINGAPORE PTE. LTD.

4 Leng Kee Road, SIS Building, #05-04, Singapore 159088

To Whom it may concerned

FCC ID: SUFTRKRF08

IC:5663A-TRKRF08

TRK-RF-08 (2.4G RF MODULE_08) is developed only with intention to integrate into DIGI's products like RF Transmitter eg model: IB-3700 PLUS as below Illustration.

This module needs specific driver under Linux platform which is developed by DIGI. The driver code developed can only be deployed to DIGI product example IB-3700 PLUS. DIGI acknowledges and notices that this module must only be used with devices that operated at a minimum distance 20cm between the radiator and human. Otherwise, SAR testing and certification are required.

Regards

Hui Kok Leong

Deputy Managing Director

A handwritten signature in blue ink, appearing to read 'Hui K. L.', is shown on a light blue rectangular background.
