KNOWING YOUR FLOOR LAMP

Package Contents

Luminous surface (light strip included)

The base

Lamp controller

Remote control

User manual

ASSEMBLING YOUR FLOOR LAMP

1. Fold the lamp into a rectangular shape along the fold line.
2. Put the lamp through the square fixing frame and insert the lamp into the base.
3. Arrange the power cable and align them with the groove on the base.
4. Slide the square fixing frame to the base to fix the lamp.

USING YOUR FLOOR LAMP

1. Connect the power cable to an appropriate port (5V/1A) to power the light.
2. Set color temperature, brightness, etc. through CozyLife APP or the remote control.

Control via CozyLife

1. Download CozyLife APP, and sign in.
2. Add device in the pop-up, and choose the preferred interface.
3. Ensure that your phone Bluetooth is enabled and is connected to WiFi (only supports 2.4G WiFi network);

4. Launch the "CozyLife" APP, the product will be automatically recognized, and a prompt box will pop up at the "+" in the upper right corner;
5. Click the prompt box, select the device to be connected, click Next, and enter the WiFi setting page;
6. After entering the WiFi password, wait for the network configuration to complete.

Control via the Remote

CLEANING AND MAINTENANCE

Note:

Always turn off the light and unplug the cord before cleaning or maintenance.

Do not use abrasive cleaning tools or aggressive liquids to clean the lamp.

Do not immerse in water or any other liquids.

IC STATEMENT

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) this device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device is compliance with RF field strength limits, users can obtain Canadian information on RF exposure and compliance.

IC Radiation Exposure Statement

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20cm de distance entre la source de rayonnement et votre corps.

FCC STATEMENT:

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation

WEEE Compliance

Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in countries with separate collection systems)
This marking on the product, accessories or literature indicates that the product and its electronic accessories should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product and its electronic accessories should not be mixed with other commercial wastes for disposal.
