View 1****Solder
Board-Component View
1**

Solder Board-Component View 2	 A photograph showing a small electronic component, likely a microcontroller or sensor, mounted on a blue printed circuit board (PCB). The component is positioned horizontally. A black ruler with white markings is placed below the component for scale. The ruler shows measurements in millimeters, with markings for 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm. The component is approximately 40 mm long. The background is a blue textured surface.
Solder Board-Component View 3	 A photograph showing a small electronic component, likely a microcontroller or sensor, mounted on a blue printed circuit board (PCB). The component is positioned horizontally. A black ruler with white markings is placed below the component for scale. The ruler shows measurements in millimeters, with markings for 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm. The component is approximately 40 mm long. The background is a blue textured surface.

Solder Board-Component View 4	 A photograph showing a small, rectangular, black component with a yellow solder mask and two thin wires (one red, one black) attached. The component is placed on a blue textured surface. A black ruler with white markings is visible in the background, showing measurements in millimeters.
Solder Board-Component View 5	 A photograph showing a small, rectangular, yellow component with two pins. The component is placed on a blue textured surface. A black ruler with white markings is visible in the background, showing measurements in millimeters.

Solder Board-Component View 6	 A photograph showing a small yellow component with two pins, likely a solder bridge or a small component, placed on a blue textured surface. A black ruler with white markings is visible in the background, showing measurements in millimeters.
Antenna View	 A photograph showing a black antenna component with a yellow circular element. A red box highlights the yellow element, and a red line points to it from a label "BT Antenna" in a red box. A black ruler with white markings is visible in the background, showing measurements in millimeters.
