Ms. Diane Poole
FCC

Dear Diane,

Enclosed please find the full EMI data set for FCC ID JLFPIR as requested in correspondence number 19648, 731 confirmation number EA100876. Below is the paragraph 231 compliance description.

The transmitter is an automatically-operated, motion-detect system which ceases operation in less than 5 seconds. No continuous data transmission occurs and there is no transmission at regular periodic intervals. EMC and occupied-bandwidth compliance is demonstrated in the spectrum analysis in the EMC report and the enclosed data tables.

Thank you for your time.

Sincerely,

Kyle R. Kowalczyk
President
