

The device under test is manufactured by the grantee (**APTIV Services US LLC**), and sold as an OEM product. Per 47 CFR 2.909, 2.927, 2.931, 2.1033, etc..., the grantee must ensure the end-user has all applicable / appropriate operating instructions. When end-user instructions are required, as in the case of this product, the grantee must notify the OEM to notify the end-user.

APTIV Services US LLC will supply this document to the reseller/distributor dictating what must be included in the end user's manual for the commercial product.

INFORMATION TO BE INCLUDED IN THE END USER'S MANUAL

The following information (in blue) must be included in the end-product user's manual to ensure continued FCC and Industry Canada regulatory compliance. The ID numbers must be included in the manual if the device label is not readily accessible to the end user. The compliance paragraphs below must be included in the user's manual.

FCC ID: L2CFLR4P

Note: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Radiation Exposure Statement: This equipment complies with FCC RF Radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a normally maintained separation distance of at least 20cm between the radiator and your body.

Cet équipement est conforme aux normes d'exposition aux rayonnements RF de la FCC limites fixées pour un environnement non contrôlé. Cet appareil et son antenne ne doivent pas être situés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur. Cet équipement doit être installé et utilisé avec une distance de séparation normalement maintenue d'au moins 20 cm entre le radiateur et votre corps.
