1 Air7415

AirTies Air7415 is a state of the art IPTV / OTT Set-Top Box that provides access to next generation interactive digital television services over a broadband IP connection.

The Air7415 gives you access to Live TV Channels, Catch-up TV, some online video and radio applications on your UHD television.

The following items are included in the box:

- This user manual
- 1 x Air7415 Set-Top Box
- 1 x Power Adapter
- 1 x IR Remote Control
- 2 x AAA Batteries
- 1 x Ethernet Cable
- 1 x HDMI Cable

2 Air7415 FEATURES

Please refer to the pictures below for front and rear panel interfaces.

There is a standby button on the front panel with dual-color LED. When the device is not powered on, there will be no LED indication. When powered on, the LED color will turn blue. In standby mode, LED color will be red.

3 SETUP

Please refer to the safety instructions included in the product box.

You can setup your **Air7415** quickly and easily by following the steps below:

1. Place the batteries provided into the remote controller as shown inside the battery room.
2. Connect the audio/video outputs of the Air7415 to the audio/video inputs of your television using **HDMI** cable provided with the product. UHD video resolutions are only possible through the TV's HDMI ports supporting UHD and HDCP2.2.
3. Connect the Ethernet cable provided with the product to Air7415 .
4. Connect the power adapter provided to the wall outlet and connect the other end to your Air7415
5. The “**POWER**” LED will light up indicating that the unit is now powered up and ready for operation.
6. In order to display the video from Air7415 , you may need to change the settings on your television set so that its input matches to the television's physical connection to the Set-Top Box.

When you press the “**POWER**” button on your remote control, the Air7415 will go to standby mode.

If you are facing any problems with your device please contact your Service Provider.

4 SETTING UP A WIRELESS CONNECTION

Air7415 can receive video transmissions over Wi-Fi eliminating the need to run Ethernet cables throughout your home.

When Air7415 is powered on without the Ethernet cable, wireless will be enabled. If no wireless connections have been established or the product is not able to connect to the latest wireless network, a wireless setup menu will appear. Please follow the on-screen instructions to setup the wireless connection.

Wireless Regulatory Informations

FCC Statement :

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRE OPERATION.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC CAUTION:

The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

This device is restricted for indoor use.

FCC RADIATION EXPOSURE STATEMENT:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body. This device and it's antennas(s) must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with FCC multi-transmitter product procedures.

IC STATEMENT:

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

SAFETY WARNINGS:

- Do not use this product near water, for example, in a wet basement or near a swimming pool.
- Avoid using this product during an electrical storm. There may be a remote risk of electric shock from lightning.
- This product contains lead, known to the State of California to cause cancer, and birth defects or other reproductive harm. Wash hands after handling.
