SUBJECT: Application for Class II Permissive Change for FCC ID: **2AP4W-ALITE**

This is to request a Class II Permissive Change for FCC ID: **2AP4W-ALITE**, original granted on **10/21/2019**)

The change filed under this application is:

- (1) Part substitution. The new component is pin-for-pin compatible. No change in radio parameters has occurred.
- (2) Enable Bluetooth LE operation via embedded software.

Except for the change above, others remain identical to original granted.

Sincerely,

Craig Pyle
