## Non-SDR-Statement

Federal Communications Commission  
Authorization and Evaluation Division

### ATTESTATION

FCC ID: HD5-8680B  
Product: Barcode Scanner  
Model: 8680i

Regarding the SDR application guide (KDB442812 D01 SDR Apps Guide v02r03), our answer to the following five questions can be used for determining our device is not an SDR:

1. Can the RF parameters of the device be altered through software?  
Yes.
2. Can third parties not permitted by the Commission through specific filings modify, configure, or load different software, or make configuration settings to operate the device or host hardware radio frequency parameters (frequency range, modulation type, maximum output power or other radio parameters) in any other way than granted (or expected to be granted)?  
No.
3. Is the device capable of operating in any other in any other way than granted, or will be, granted?  
No.
5. Does the manufacturer elect SDR?  
No.

Sincerely,

Michael Robinson
