RE: FCC Class II Permissive change for FCC ID: SWX-GBE (Original
Grant Date: 7/25/2019)

Dear Sir or Madam:

Ubiquiti Networks is submitting an application for Class II Permissive Change to the GBE (FCC ID: SWX-GBE). The commission on 7/25/2019 originally certified this product under FCC ID: SWX-GBE.

There are no hardware or electrical modifications made to the applying wireless device.

The changes filed under this application are:

- Add UNII-2A and UNII-2C band for 20, 40 and 80 MHz channel widths

Please contact me if you have any questions or need further information regarding this application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark m. Feil'.
