	Calculator	-	Launch computer calculator

## Installing the batteries

- **1** Take the battery cover off.
- **2** Insert two AAA batteries (included) into the battery compartment. Make sure that the + and signs match the symbols in the compartment.
- 3 Replace the cover.

## Connecting your keyboard to your computer

 Plug the USB receiver into the USB port on your computer. The computer automatically detects the keyboard and you can immediately begin using it.

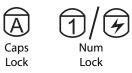

### If the keyboard does not work:

- Re-plug the USB receiver into the USB port on your computer, then press **ESC+K** on the keyboard to pair. The LED indicator on the keyboard flashes steadily while in pairing mode (10 seconds). After pairing successfully, the LED turns off.
- Check the batteries in your keyboard. The LED indicator blinks for 10 seconds when the batteries are low.

## LED indicators

θ

 $\ominus$ 

Function	Description	
Power ON	Red LED is on for 10 seconds, then turns off.	
Low battery warning	Red LED blinks for 10 seconds.	
Pairing	Red LED blinks for 10 seconds after pressing <b>ESC+K</b> keys.	
Paired successfully	After pressing the Connect button, the LED blinks, then lights solid for 10 seconds.	
Pairing failed	After pressing the Connect button, the LED blinks for 10 seconds, then turns off.	

### **Cleaning your keyboard**

Wipe the keyboard with a damp, lint-free cloth.

## Troubleshooting

- My keyboard is not working.
- Make sure that your keyboard is turned on.
- Move your keyboard closer to your computer.
- Make sure that your computer meets the system requirements.
- Make sure that your keyboard and USB receiver are paired by pressing the **ESC+K** keys on the keyboard.
- Replace the keyboard batteries.
- Try connecting your USB receiver into a different USB port on your computer.
- Try removing or moving other wireless devices away from the computer to prevent interference.

## Specifications

- **Dimensions (H×W×D):**  $.6 \times .2 \times .7$  in.  $(1.4 \times .6 \times 1.8$  cm)
- Weight: .04 oz. (1.1 g)
- Interface: USB 1.1, 2.0, 3.0

## Legal notices

All other devices shall bear the following statement in a conspicuous location on the device:

### FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### **[RADIATION STATEMENT REMOVED]**

#### RSS-Gen and RSS-247 statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

#### RSS-102 statement

This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé.
