Re: Supersede request for FCC ID: **PY320200501**; Granted on **10/11/2020**

To Whom It May Concern:

We regret to inform you that due to FCC reports modified, since the device can transmit in 2.4GHz, UNII-1 and UNII-3 at the same time we need to add 0.37926/1 which would take the value above the "1" limit so we will have to increase the minimum distance listed on the grant from 24 cm to 27 cm to meet the limit.

The superseded documents are listed as below:

Original File name	Newly File name
Test Report (DTS-WLAN) rev	Test Report (DTS-WLAN) rev2
Test Report (NII) rev	Test Report (NII) rev2
Test Report (Transmit Simultaneously) rev	Test Report (Transmit Simultaneously) rev2
RF Exposure Info (MPE) rev	RF Exposure Info (MPE) rev2
Users Manual rev	Users Manual rev2

Should you have any question or comment regarding this matter, please do not hesitate to contact me.

Sincerely yours,

Kent Liu

Assistant Manager / HsinChu RF Testing Dept.
