Subject: Requesting Class II permissive change for FCC ID: FKGW01R11

To Whom It May Concern:

We, Twinhead International Corporation, hereby declare that the intention of this Class II Permissive Change is

1. To enable LTE band 48 via software.
2. Added a new host (product name: Rugged Tablet PC, brand name: DURABOOK; Pepperl+Fuchs, model name: R11XXXXXXXX(X=0-9, A-Z, a-z, Blank), Pad-Ex 01 XXXXXXXX (X=0-9, A-Z, a-z, Blank))
3. The product supports LTE B2, B4, B5, B13, B48 and B66.

to the certified module which was granted on 03/22/2019 under FCC ID: FKGW01R11.

The modules mentioned above have been approved and are electronically and mechanically identical to the original instructions and requirements. Therefore, we, Twinhead International Corporation, take the responsibility to ensure each module complied with all requirements after integration in the host and when modules are transmitting simultaneously.

Please contact me if you have any questions or need further information regarding this application.

Best Regards
