Attention: Jim Marley

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. FYI - Please note that cover letters, including requests for confidentiality, cannot be held confidential. Consequently, while the other exhibits requested will be confidential, the request for confidentiality itself will not.
2. FYI - Please note that vertical lines on the plots make it easier to determine frequency and thus compliance to band edges. Please consider incorporating vertical graticule lines in plots.
