## FCC Statement

1.This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1)This device may not cause harmful interference.  
(2)This device must accept any interference received, including interference that may cause undesired operation  
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.  
· Reorient or relocate the receiving antenna.  
· Increase the separation between the equipment and receiver.  
· Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
· Consult the dealer or an experienced radio/TV technician for help.  
The device has been evaluated to meet general RF exposure requirement  
The device can be used in portable exposure condition without restriction.

## Tattoo Paper Operating Procedure

Remove the ② Transparent protective sheet and ④ Yellow backboard. That leaves ① White transfer paper and ③ Ink page

Open the printer, Insert the ① White transfer paper and ③ Ink page, with the White transfer paper facing up

Note: Tattoo printer in the absence of paper, the indicator light will blink, this is a normal phenomenon. The quality of the transfer paper will affect the printing effect (the quality of the transfer paper is determined by the uniformity of the ink sheet)

## Large multi-copy printing clipping function

Select image crop vertical plus 1, cross plus 1, you can print 4 pieces of Mosaic pattern
