- The unit will get hot if it is connected to the computer for a long time, under normal circumstances the unit will be charged in 2 hours.
- 11. Do not disassemble the product without permission, otherwise, the warranty will be voided. If you have any questions, please contact the dealer.
- 12. Changes in the performance and functionality of the product will not be notified separately. If the manual differs from the actual product, please refer to the

actual product.

- Do not use earphones while driving, riding a bike, operating machinery, or engaging in activities that require attention to external sounds.
- 14. Battery charging precautions:
- A. The device uses a polymer lithium battery that can be recharged repeatedly. In the first few charges, it must be charged for at least 2 hours, and every time the battery is used up, it should be recharged, which can extend its lifespan.
- B. It is recommended to continue charging for half an hour after a full charge to ensure longer playback time.
- C. The lithium battery must be replaced by customer service personnel, and users cannot replace them by themselves. (Note: If the battery is replaced improperly, there is a risk of explosion. Only use the same type or equivalent type of battery for replacement). To protect the environment, please recycle the waste battery through a professional organization.
- D. The battery life may vary depending on usage conditions and production time.
- E. Please dispose of the recycled battery in accordance with local regulations. Do not treat the battery as household waste or throw it into a fire to avoid an explosion.

- 15. Charging: The product can be charged using an adapter that meets national standards of 5V1000mA or above. Regardless of whether the product is turned on or not, when you connect it to the adapter, the product will start charging. During the charging process, the product may warm up slightly, which is normal.
- 16. If the product is not used for an extended period, charge it every three months to ensure battery performance.
- 17. The product's actual use may differ from the instructions due to software updates. Please refer to the purchased product, and the operation guide is for reference only.
