IC Caution:
 RSS-Gen Issue 5 "8" RSS-Gen numéro 5
 - English:
 This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation,
 Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to
 the following two conditions:
 (1) This device must not cause interference.
 (2) This device must accept any interference, including interference that may cause undesired
 operation of the device.
 Any changes or modifications not expressly approved by the party responsible for compliance
 could void the user's authority to operate the equipment.
 RF exposure statement:
 The equipment complies with IC Radiation exposure limit set forth for uncontrolled
 environment. This equipment should be installed and operated with minimum distance 10cm
 between the radiator and your body.

- French:
 Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS)
 d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis
 aux deux conditions suivantes:
 (1) Cet appareil ne doit pas causer d'interférences.
 (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de
 provoquer un fonctionnement indésirable de l'appareil.
 Tout changement ou modification non expressément approuvé par la partie responsable de la
 conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'équipement.
 Déclaration d'exposition RF:
 L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un
 environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance
 minimale de 10cm entre le radiateur et votre corps.

FCC Warning:
 This device complies with part 15 of the FCC Rules. Operation is subject to the following two
 conditions: (1) This device may not cause harmful interference, and (2) this device must accept
 any interference received, including interference that may cause undesired operation.
 Any changes or modifications not expressly approved by the party responsible for compliance
 could void the user's authority to operate the equipment.
 NOTE: This equipment has been tested and found to comply with the limits for a Class B digital
 device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable
 protection against harmful interference in a residential installation. This equipment generates,
 uses and can radiate radio frequency energy and, if not installed and used in accordance with
 the instructions, may cause harmful interference to radio communications. However, there is no
 guarantee that interference will not occur in a particular installation.
 If this equipment does cause harmful interference to radio or television reception,
 which can be determined by turning the equipment off and on, the user is encouraged to try to
 correct the interference by one or more of the following measures:
 — Reorient or relocate the receiving antenna.
 — Increase the separation between the equipment and receiver.
 — Connect the equipment into an outlet on a circuit different
 from that to which the receiver is connected.
 — Consult the dealer or an experienced radio/TV technician for help.
 FCC Radiation Exposure Statement
 This equipment complies with FCC radiation exposure limits set forth for an uncontrolled
 environment. This equipment should be installed and operated with a minimum distance of 20
 cm between the radiator and your body.
