

Letter of Authorization

Attn: To Whom it May Concern / Application Examiner / Review Engineer / Officer in Charge
Re: Authorization to Apply for a "Change in Identification" per Section §2.933(b) of 47CFR

Dear Madam or Sir,

We, Silicon Laboratories Finland Oy, a corporation branch and subsidiary of Silicon Laboratories Inc., validly organized and existing under the laws of Finland, having its principal place of business at Alberga Business Park, Bertel Jungin aukio 3, 02600 Espoo, Finland,

in relation to our *802.11b/g/n/ax Wi-Fi 6* and *Bluetooth Low Energy* wireless radio modules having model name(s) of **SiWG917Y1GA/N** and brand name of **SILICON LABS**, as the legal manufacturers hereby **declare** to have applied for, and to have obtained a Federal Communications Commission (FCC) Modular Grant with **FCC ID: QQQ-917AC** (original issue date: September 24, 2024), and with this letter we **grant permission** on a one-time basis to:

Company Name: **Ezurio LLC** [hereafter referred to as the *New Grantee*]
Full Principal Address: 50 S. Main Street, Ste 1100 Akron, OH 44308
Grantee Code: SQG

to apply for a "Change in Identification" with FCC, as per FCC guidance under KDB 249634.

We understand that the New Grantee is requesting the authorization to make this change in order to re-brand and re-sell our modules, under their own naming and branding, as follows:

New Brand Name of Module(s): Ezurio
New Model Name of Module(s): Veda SL917
FCC ID: SQG-SL917 [applies to the new listing of the re-branded/named modules by the New Grantee]

thus, we authorize FCC to use the information on file, from the original certification, to grant the requested "Change in Identification".

- We confirm we will be supplying our SiWG917Y1GA/N modules to the New Grantee unmodified and equivalent (in the design, circuitry, or construction) to the originally certified equipment. The original test results and technical documentation continue to be representative of, and applicable to the supplied equipment which will be bearing the changed identification. The original grant will remain in effect, nevertheless.
- Conversely, we emphasize to have no control or responsibility with regards to the proper installation, configuration and use of our modules in the end-products manufactured and sold by the New Grantee and/or by their downstream customers. As a result, the New Grantee take full ownership and accountability for the compliance of their (and/or their downstream customers') end-products, including any appropriate labelling to take into account the new identification, and commit to submit in any following permissive change application of theirs all the intended documentation, including but not limited to test reports, exterior photographs and product user manuals.

This authorization expires four (4) months after the date of issue. Should there be any query regarding this authorization, please do not hesitate to contact the undersigned.
Thank you for your attention to this matter.

Place and date of issue (of this letter):
Espoo, October 18, 2024

Authorized Signatory: Enrico Taddeo
