

Request for Class II Permissive Change

FCC ID: PVB-EMJA019L

Original certificate grant date: 02/09/2021

Date: 12/14/2021

TO: Federal Communication Commission

Please be notified that we, the undersigned, The House of Marley.LLC declare that the reasons for this Class II permissive change are as below:

The digital amplifier IC(IC6) was changed from TAS5805M to NTP8849, which made the degradation for conducted emission and Radiated Spurious Emissions below 1GHz (margin was over 3 dB than the original).

Thank you.

Sincerely,

Name (Printed): Josh Poulsen

Title: Director of Product Development

Signature:

A handwritten signature in black ink, appearing to read "Josh Poulsen", with a long horizontal flourish extending to the right.
