- 2) The LED indicator or the scroll wheel on the mouse will light while the mouse is low battery. Please change or recharge the batteries immediately.
- 3) If the keyboard is in the status of low battery, the LED indicator on the keyboard will be light while typing any key and a low-battery icon will appear on the taskbar of Windows. Please change the batteries immediately.
- 4) Click any button of the keyboard or the mouse or press the scroll wheel to wake up the keyboard or the mouse while they are in the sleeping mode.

# Internet Wireless Keyboard Combo with Wireless Optical Mouse User's Quick Guide

#### Notice:

Federal Communications Commission (FCC) requirements, Part 15

This equipment has beentested and found tocomply with the limits for a class Bdigital device, pursuant topart 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radiofrequency energy and, if not installed andused in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipmentdoes cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- --Reorient or relocate thereceiving antenna.
- --Increase the separation between the equipment and receiver.
- --Connect the equipment into an outlet on a circuit different from that to which there ever is connected.
- --Consult the dealer oran experienced radio/TV technician for help.

CAUTION: Any changes of modifications not expressly approved by the grantee of this device could void the users authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and(2) this device must accept any interference received, including interference that may cause undesired operation.

Congratulations on your purchase of the Combination of Internet Wireless Keyboard and Wireless Optical Mouse. Please carefully read the User's Quick Guide to learn about the installation and the powerful functions of your new Internet Wireless Keyboard with Wireless Optical Mouse.
