

Federal Communications Commission
Equipment Approval Services
P.O. Box 358315
Pittsburgh, PA 15251-5315

January 28, 2000

This letter is submitted respectfully to request the assignment of a new FCC Identification number due to a change in control of this product line. The original identification used on the equipment was J9CPDQ-800 issued on April 22, 1999.

The equipment bearing the modified identification has not changed from the original equipment, and the test results from the original filing are still representative of this equipment.

Further, it is requested that the new grant be issued to the below listed agent for the grantee.

Qualcomm, Inc.
10290 Campus Pointe Dr.
San Diego, CA 92121

Attn: Jay Moulton, Director of Engineering, Regulatory
