

## Manual instruction

### Hardware installation

1. Install two AAA Batteries into the mouse and two AAA batteries into the keyboard.
2. Plug in the USB receiver to a USB port on your PC.

### ID Channel Setting and connection:

After you install the receiver:

1. Wait about 5-10 seconds and the connection will be executed and the kit will be ready for use.
2. For optimum performance, make sure that the distance between the wireless device and the receiver does not exceed 10M.

### Replace Batteries

If the mouse or keyboard does not work properly, then the batteries have lost their charge, so you need to replace them.

Warning: do not mix or use different types of batteries at the same time.

### Mouse Button Assignments

1. Left Button: Provides traditional mouse functions like click, double click and drag.
2. Magic-Roller: Scroll the button to surf the internet and windows documents.
3. Right Button: Provides traditional mouse right click function.

### FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or

television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### **FCC Statement**

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### **Caution!**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
