

1 X2D 100C

The HASSELBLAD[™] X2D 100C is Hasselblad's next generation mirrorless medium format digital camera that allows users to achieve smarter and more stable shooting with face tracking, eye tracking, and 5-axis in-body image stabilization (IBIS). Users can capture outstanding still images with a large 100-megapixel CMOS sensor that boasts 16-bit color depth and a wide dynamic range of 15 stops. Hasselblad Natural Colour Solution (HNCS) technology is integrated into the camera's system, delivering superb, true-to-life tones that match what the human eye sees. The X2D 100C offers more storage with a built-in 1TB SSD and users can expand the capacity further with a CFexpress Type B memory card.

The 5.76-megapixel OLED electronic viewfinder (EVF) features electronic dioptre adjustment and supports 1.0x magnification while the 60fps refresh rate provides a smooth live view on the EVF as well as the 3.6-inch 2.36-megapixel tilting rear touch display. Users can enjoy an all new handheld shooting experience with the new 1.08-in full-colour top display and upgraded body design.

The built-in Wi-Fi and USB 3.1 connectivity allows users to create a portable photography workflow with wireless or tethered shooting and export and edit images using Phocus Mobile 2. Full tethered operations include high-speed tethered shooting and real-time RAW image processing is available using the Mac or Windows version of the Phocus software.

With access to a vast range of high-quality lenses including XCD, HC, HCD, XPan, and V System, the creative possibilities with the X2D 100C are endless.

2 Using The X2D 100C

3 Charging the Battery

The X2D 100C comes with the battery already inserted in the battery slot. Remove the protective film on the battery and fully charge before using for the first time.

1. Pull the battery release lever. The battery will pop out slightly. Press the battery gently until there is a click before removing the battery. Remove the battery and the protective film.

2. Align the metal terminals of the battery with the terminals inside the camera grip and insert the battery.
3. Slide the connector slot lid toward the touch display to open. Connect the USB-C port of the camera with the included USB power adapter using the USB-C to USB-C cable and connect the USB power adapter to a power outlet (100-220 V, 50-60 Hz).

It takes approximately two hours to fully charge the battery using the official Hasselblad USB power adapter.

It is recommended to use the included Hasselblad USB power adapter or the Hasselblad Battery Charging Hub to charge the battery. Otherwise, use an FCC or CE certified 5V/3A USB power adapter.

4 Camera Interface

Press and hold the power button to power on the camera. The touch display will show the live view and the top display will show the camera status and main parameters.

5 Touch Display

Swipe right from the left of the live view to switch to the control screen. Swipe left from the right of the control screen to switch back to the live view.

On the control screen, tap each icon to change the corresponding settings. The settings cannot be changed if the value or icon is displayed in grey. The control screen display may vary depending on settings.

Swipe down from the top of the live view or press the menu button to display the main menu.

DISCLAIMER AND WARNING

Inappropriate use of the product could result in personal injury or property damage. Please read the materials associated with the product before first time use.

The complete materials associated with the product are available online on the HASSELBLAD™ product page at <https://www.hasselblad.com>. This disclaimer is subject to change and Victor Hasselblad AB reserves the right of final decision on the interpretation of this disclaimer.

Read the ENTIRE user manual to become familiar with the features of this product before first time use. Basic knowledge of digital cameras is required, and the product should be operated with caution and common sense. **DO NOT** use incompatible third-party components or alter this product in any way.

By using this product, you hereby signify that you have read this disclaimer carefully and that you understand and agree to abide by the terms and conditions herein. Hasselblad accepts no liability for damage or injury incurred directly or indirectly from the use of this product. The user shall observe safe and lawful practices including, but not limited to, those set forth in these Safety Guidelines.

PRODUCT CARE

Camera

Usage

- Only place the camera on a flat and stable surface. Otherwise, the camera or lens may fall, causing serious damage to the apparatus.
- **DO NOT** use the camera in environments that are wet, smoky, dusty, or contain inflammable gases or materials.
- Be sure to waterproof the camera during thunderstorms. Otherwise, it may lead to a fire hazard.
- **DO NOT** use the camera where the temperature is too high or too low. Otherwise, the camera's performance may be affected, which may decrease the service life of the camera.

- Immediately power off the camera and remove the battery when there is any abnormality including, but not limited to, smoke and strange odors. Contact Hasselblad or Hasselblad authorized dealers for further assistance.
- DO NOT disassemble or modify the camera. Doing so invalidates the warranty.
- DO NOT stand too close in front of the flash when the flash unit is activated, or your eyesight may be temporarily affected.
- Make sure that the memory card is in good condition if used. DO NOT remove the memory card when the  icon appears on the touch display or top display. Otherwise, the data may be lost and memory card may be damaged.
- Always respect and abide by people's privacy rights when using this camera.
- Always use a compatible battery to supply power.
- DO NOT remove the battery while the camera is powered on. Otherwise, the camera may malfunction or even be damaged. If the power supply is disconnected abnormally, reinsert the battery as soon as possible and power the camera on and off normally.

Storage and Transportation

- In humid conditions, it is recommended to use a camera dry box, humidity cabinet, or silica gel sachets.
- Place the camera out of the reach of small children.
- DO NOT place heavy objects on the camera.
- DO NOT store the camera in a place where the temperature of the environment is too high or too low.

Maintenance

- Keep the camera clean and free of dirt and buildup. Attach the protection cover lid to the camera when the lens is detached. Otherwise, dust and dirt may be attracted to the sensor.
- This product is delicate. Strictly follow the instructions in the user manual to clean the camera.
- Please contact Hasselblad or Hasselblad authorized dealers for professional help in cleaning the camera.

Battery

Usage

- DO NOT allow the battery to come into contact with any liquid. DO NOT drop the battery into water. If the inside of the battery comes into contact with water, corrosion may occur, potentially resulting in the battery catching on fire, and may even lead to an explosion.
- Never use or charge a leaky or damaged battery. If a battery is abnormal, contact Hasselblad or a Hasselblad authorized dealer for further assistance.
- The battery should be used in temperatures ranging from -10° C to 40° C. Use of the battery in environments above 50° C can lead to a fire or explosion. Use of battery below -10° C can lead to permanent damage.
- Never disassemble or pierce the battery in any way or the battery may leak, catch fire, or explode.
- Electrolytes in the battery are highly corrosive. If any electrolytes contact your skin or eyes, immediately wash the affected area with fresh running water for at least 15 minutes, and then see a doctor immediately.
- DO NOT use the battery if it was involved in a collision or heavy impact.
- DO NOT put batteries in a microwave oven or a pressurized container.
- DO NOT put loose cells in a pocket, bag, or drawer where they may short-circuit against other items or where the battery terminals could be pressed against each other.
- DO NOT drop or strike batteries. DO NOT place heavy objects on the batteries or charger. Avoid dropping batteries.
- Clean battery terminals with a clean, dry cloth.

Battery Charging

- DO NOT charge the battery near flammable materials or on flammable surfaces (e.g., carpet or wood).
- Charging the battery outside of the temperature range of 5° C to 40° C may lead to leakage, overheating, or damage to the battery. The ideal charging temperature is 15° C to 25° C.
- Disconnect the charger when not in use. Examine the charger regularly for damage to the cord, plug, enclosure, or other parts. Never use a damaged charger.

Battery Storage

- Keep batteries out of the reach of small children and pets.
- Remove the battery from the camera if you intend to store the camera for an extended period. Discharge the battery to a power level between 30% and 60% and place the battery at room temperature. The battery power level can be checked through the rear touch screen of the camera.
- DO NOT leave the battery near heat sources such as an open fire or heater. DO NOT leave the batteries inside a vehicle on hot days.
- Keep the battery dry. Never drop the battery into water.
- DO NOT drop, strike, impale, or manually short-circuit the battery.
- If a battery is damaged, dispose it in a suitable recycling trash container by strictly following your local regulations. Never transport a damaged battery.
- DO NOT store the battery for an extended period after fully discharging it. Doing so may over-discharge the battery and cause irreparable damage to the battery cell.
- The battery enters hibernation mode if depleted and stored for an extended period. Recharge the battery to bring it out of hibernation.

Battery Disposal

- Dispose of the battery in a suitable recycling trash container only after fully discharging it. DO NOT place the battery in regular trash containers. Strictly follow your local regulations regarding the disposal and recycling of batteries.

Battery Maintenance

- Fully charge and discharge the battery at least once every three months to maintain battery health.
- Never store the battery in environments with a temperature higher than 45° C or lower than 0° C. Before carrying the battery on an airline flight, it must first be discharged to a power level below 30%. Only discharge the battery in a fireproof location.

SPECIFICATIONS

Model	X2D 100C
Battery	Rechargeable Li-ion battery (7.27 V DC/3400 mAh)
Wi-Fi	
Protocol	802.11b/a/g/n/ac/ax, Wi-Fi with 2×2 MIMO
Operating Frequency*	2.4000-2.4835 GHz, 5.150-5.250 GHz, 5.725-5.850 GHz
Transmitter Power (EIRP)	2.4 GHz: <20.5 dBm (FCC), <20 dBm (CE/SRRC)
	5.1 GHz: <18 dBm (FCC), <23 dBm (CE/SRRC) ,
	5.8 GHz: <22 dBm (FCC/SRRC), <14 dBm (CE)
Bluetooth	
Protocol	Bluetooth 5.1
Operating Frequency	2.4000-2.4835 GHz
Transmitter Power (EIRP)	<11 dBm

- * Due to local regulations, the 5.8GHz frequency is prohibited in some countries and the 5.1GHz frequency is only allowed for use in indoor in some countries.
To check the complete specifications of X2D 100C, visit the official Hasselblad website or download the Hasselblad X2D 100C User Manual.

COMPLIANCE INFORMATION

FCC Compliance Notice

Supplier's Declaration of Conformity

Product name: X2D 100C

Model Number: X2D 100C

Responsible Party: Hasselblad Bron Inc.

Responsible Party Address: 1080 Garden State Road Ste 1 Union NJ 07083 USA

Website: www.hasselblad.com

We, **Hasselblad Bron Inc.**, being the responsible party, declares that the above mentioned model was tested to demonstrate complying with all applicable FCC rules and regulations.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The portable device is designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (USA). These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for use when properly worn on the body

ISED Compliance Notice

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) L'appareil ne doit pas produire de brouillage; (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The portable device is designed to meet the requirements for exposure to radio waves established by the ISED.

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. L'utilisateur final doit suivre les instructions spécifiques pour satisfaire les normes. Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute autre antenne ou transmetteur. Le dispositif portable est conçu pour répondre aux exigences d'exposition aux ondes radio établies par le développement énergétique DURABLE.

The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems; where applicable, antenna type(s), antenna model(s), and worst-case tilt angle(s) necessary to remain compliant with the e.i.r.p. elevation mask requirement set forth in section 6.2.2.3 shall be clearly indicated. Le dispositif utilisé dans la bande 5150-5250 MHz est réservé à une utilisation en intérieur afin de réduire le risque de brouillage préjudiciable aux systèmes mobiles par satellite dans le même canal; le cas échéant, le(s) type(s) d'antenne, le(s) modèle(s) d'antenne et l'angle(s) d'inclinaison le plus défavorable nécessaire (s) pour rester conforme (e) au p.e. L'exigence relative au masque d'élevation énoncée à la section 6.2.2.3 doit être clairement indiquée.

These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for use when properly worn on the body.

Ces exigences ont une SAR limite de 1,6 W/kg en moyenne pour un gramme de tissu. La valeur SAR la plus élevée signalée en vertu de cette norme lors de la certification de produit à utiliser lorsqu'il est correctement porté sur le corps.

PRÉCAUTIONS D'USAGE DE L'APPAREIL

N'utilisez pas l'appareil dans un hôpital, un avion ou un équipement automobile en raison des radiofréquences qui peuvent produire des interférences

- Maintenir une distance minimale de 15 cm entre votre appareil et un stimulateur cardiaque pour éviter toute interférence
- Eloigner les équipements radioélectriques du ventre des femmes enceintes.
- Eloigner les équipements radioélectriques du bas-ventre des adolescents.

Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 2 W/kg pour la tête et le tronc et de 4 W/kg pour les membres.

La ou les valeurs du débit d'absorption spécifique des X2D 100C:

DAS tête: 0.114 W/kg

DAS tronc: 0.114 W/kg

DAS membres: 0.114 W/kg

EU-Compliance: Hiermit erklärt Victor Hasselblad AB dass dieses Gerät (X2D 100C) den wesentlichen Anforderungen und anderen einschlägigen Bestimmungen der EU-Richtlinie 2014/53/EU entspricht.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Environmentally friendly disposal

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.

Umweltfreundliche Entsorgung

Elektro-Altergeräte dürfen nicht mit gewöhnlichem Abfall entsorgt werden und müssen separat entsorgt werden. Die Entsorgung an kommunalen Sammelstellen ist für Privatpersonen kostenlos. Die Eigentümer der Altergeräte sind für den Transport zu den Sammelstellen verantwortlich. Durch diesen geringen Aufwand können Sie zur Wiederverwertung von wertvollen Rohmaterialien beitragen und dafür sorgen, dass umweltschädliche und giftige Substanzen ordnungsgemäß unschädlich gemacht werden.

Tratamiento de residuos responsable con el medio ambiente

Los aparatos eléctricos viejos no pueden desecharse junto con los residuos orgánicos, sino que deben ser desechados por separado. Existen puntos limpios donde los ciudadanos pueden dejar estos aparatos gratis. El propietario de los aparatos viejos es responsable de llevarlos a estos puntos limpios o similares puntos de recogida. Con este pequeño esfuerzo estás contribuyendo a reciclar valiosas materias primas y al tratamiento de residuos tóxicos.

Mise au rebut électrique

Les appareils électriques usagés ne doivent pas être éliminés avec les déchets résiduels. Ils doivent être éliminés séparément. La mise au rebut au point de collecte municipal par l'intermédiaire de particuliers est gratuite. Il incombe au propriétaire des appareils usagés de les apporter à ces points de collecte ou à des points de collecte similaires. Avec ce petit effort personnel, vous contribuez au recyclage de matières premières précieuses et au traitement des substances toxiques.

Smaltimento ecologico

I vecchi dispositivi elettrici non devono essere smaltiti insieme ai rifiuti residui, ma devono essere smaltiti separatamente. Lo smaltimento da parte di soggetti privati presso i punti di raccolta pubblici è gratis. È responsabilità del proprietario dei vecchi dispositivi portarli presso tali punti di raccolta o punti di raccolta analoghi. Grazie a questo piccolo impegno personale contribuirete al riciclo di materie prime preziose e al corretto trattamento di sostanze tossiche.

Milieuvriendelijk afvoeren

Oude elektrische apparaten mogen niet worden weggegooid samen met het restafval, maar moeten afzonderlijk worden afgevoerd. Afvoeren via het gemeentelijke inzamelpunt is gratis voor particulieren. De eigenaar van oude toestellen is verantwoordelijk voor het inleveren van de apparaten op deze of vergelijkbare inzamelpunten. Met deze kleine persoonlijke inspanning lever je een bijdrage aan de recycling van waardevolle grondstoffen en de verwerking van giftige stoffen.

Eliminação ecológica

Os aparelhos elétricos antigos não podem ser eliminados juntamente com os materiais residuais. Têm de ser eliminados separadamente. A eliminação no ponto de recolha público através de entidades particulares é gratuita. É da responsabilidade do proprietário de aparelhos antigos levá-los a estes pontos de recolha ou a pontos de recolha semelhantes. Com este pequeno esforço pessoal, contribui para a reciclagem de matérias-primas úteis e para o tratamento de substâncias tóxicas.

Изхвърляне с оглед опазване на околната среда

Старите електрически уреди не трябва да се изхвърлят заедно с битовите отпадъци, а отделно. Изхвърянето в общинския пункт за събиране на отпадъци от частни лица е безплатно. Собственикът на старите уреди е отговорен за пренасянето на уредите до тези или до подобни събирателни пунктове. С това малко собствено усилие допринасяте за рециклирането на ценни суровини и за обработката на токсични вещества.

Ekologicky šetrná likvidace

Stará elektrická zařízení nesmějí být likvidována spolu se zbytkovým odpadem, ale musí být likvidována samostatně. Likvidace na komunálních sběrných místech prostřednictvím soukromých osob je bezplatná. Vlastník starých zařízení odpovídá za to, že je donese do těchto sběrných míst nebo na obdobná sběrná místa. Tímto můžete přispět k recyklaci hodnotných surovin a zpracování toxických látek.

Miljevenlig bortskaffelse

Gamle elektriske apparater må ikke bortskaffes sammen med restaffald, men skal bortskaffes separat. Bortskaffelse på et fælles indsamlingssted er gratis for privatpersoner. Ejere af gamle apparater er ansvarlige for at bringe apparater hen til disse indsamlingssteder eller til lignende indsamlingssteder. Med denne lille personlige indsats bidrager du til genanvendelse af værdifulde råvarer og behandlingen af giftige stoffer.

Απόρριψη φιλική προς το περιβάλλον

Οι παλιές ηλεκτρικές συσκευές δεν πρέπει να απορριπτόνται μαζί με τα υπολειμματικά απόβλητα, αλλά ξεχωριστά. Η απόρριψη στο δημοτικό σημείο συλλογής μέσω ιδιωτών γίνεται χωρίς χρέωση. Ο κάτοχος παλιών συσκευών είναι υπεύθυνος για τη μεταφορά των συσκευών σε αυτό ή παρόμοιο σημείο συλλογής. Μέσω της στομικής τους προσοχής, συμβάλλετε στην ανακύκλωση πολιτικών πρώτων υλών και την επεξεργασία των τοξικών ουσιών.

Keskkonnasõbralik kasutusel kõrvaldamine

Vanu elektriseadmeid ei tohi ära visata koos olmejäätmetega, vaid tuleb koguda ja kasutselt kõrvaldada eraldi. Kohaliku omavalitsuse elektroonikaromude kogumispunkts on äärmiselt erasikutele tasuta. Vanade seadmete sellisesse või sarnasesse kogumispunktsidesse toimetamise eest vastutavad seadmete omanikud. Selle väikesa isikliku panusega aitate kaasa väärtusliku toorme ringlusevõrke ja mürgiste ainete töötlemisele.

Utilizācijas nekenkiant aplinkai

Senų elektrinių prietaisų negalima išmesti kartu su buitiniomis atliekomis; juos būtina utilizuoti atskirai. Tokių prietaisų utilizavimas per komunalinius atliekų surinkimo punktus yra nemokamas. Elektrinių prietaisų savininkai utilizuojamus prietaisus privalo perduoti į atitinkamus arba analogiškus atliekų surinkimo punktus. Tokiu būdu, įdedami nedaug pastangų, prisidėsite prie vertingų medžiagų perdirbimo ir aplinkos apsaugojimo nuo toksiinių medžiagų.

Videi draudzīga atkritumu likvidēšana

Viecas elektriskās ierīces nedrīkst likvidēt kopā ar pārējiem atkritumiem, bet tās jālikvidē atsevišķi. Privatpersonu atkritumu likvidēšana komunālajā savākšanas punktā ir bez maksas. Veco ierīču īpašnieks ir atbildīgs par ierīču nogādāšanu šajās savākšanas punktos vai līdzīgos savākšanas punktos. Ar šīm nelielām personiskajām pūlēm jūs veicināt vērtīgu izejmateriālu pārstrādi un toksisko vielu apstrādi.

Hävittäminen ympäristöystävällisesti

Vanhoja sähkölaitteita ei saa hävittää kaatopaikkajätteen mukana, vaan ne on hävitettävä erikseen. Kunnalliseen keräyspisteeseen vieminen on yksityishenkilöille ilmaista. Vanhojen laitteiden omistaja vastaa laitteiden toimittamisesta kyseisiin keräyspisteisiin tai vastaaviin. Tällä vähäisellä henkilökohtaisella vaivalla edistät omalta osaltasi arvokkaan raaka-aineen kierrätystä ja myrkyllisten aineiden käsittelyä.

Diúscairt neamhdhóibhálach don chomhshaoil

Níor cheart seanghléasanna leictreacha a dhíscairt leis an dramhaíl iarmharach, ach caithfead iad a chur de láimh astu féin. Tá an diúscairt ag an ionad bailiúcháin pobail ag daoine príobháideacha saor in aisce. Tá feaghracht ar úinéir seanghléasanna na gléasanna a thabhairt chug na hionaid bhailiúcháin sin nó chug ionaid bhailiúcháin den chineál céanna. Le hiarraicht bheag phearsanta mar sin, cuidíonn tú le hamhábhair luachmhara a athchúrsáil agus le substaintí tocsaineacha a chóireáil

Rimi li jiripsetta I-ambjont

L-apparat elctrikku qadim ma ghandux jintrema flimkien ma' skart residwu, üzda ghandu jintrema b'mod separat. Ir-rimi fil-post tal-gbir komunali minn persuni privati huwa b'xejn. Is-sit ta' apparat qadim huwa responsabbli biex igib l-apparat f'dawn il-postijiet tal-gbir jew f'ostijiet tal-gbir sin. B'dan l-isforz personali zghir, int tikkontribwixi ghar-niklagg ta' materja prima prezzuza u ghat-trattament ta' sustanzi tossici.

Eliminarea ecologică

Aparatele electrice vechi nu trebuie aruncate odată cu deșeurile reziduale, ci trebuie eliminate separat. Eliminarea în cadrul punctului de colectare local de către persoane fizice este gratuită. Proprietarii de aparate vechi sunt responsabili pentru transportul acestora la respectivele puncte de colectare sau la alte puncte de colectare similare. Prin acest efort personal nesemnificativ, puteți contribui la reciclarea materialelor prime valoroase și la tratarea substanțelor toxice.

Okoľujo prijazno odlaganje

Starí elektríkní aparátov ne smete odvréť skupaj z ostankí odpadkov, temveč ločeno. Odlaganje na komunálnom zbirnom mestu je za fyzické osoby bezplatné. Lastník staríh naprav je odgovoren, da jih pripelje do teh ali podobných zbirných miest. S takto malo osebnou truda prispievate k recikliraju dragocených surovín v obdelavi strupených snoví.

Ekoľsko odlaganje

Stari elektríčni uređaji ne smiju se odlagati zajedno s kućnim otpadom, već ih treba odlagati odvojeno. Odlaganje na komunalnom sabirnom mjestu od strane privatnih osoba je besplatno. Vlasnik starih uređaja dužan je donijeti uređaje do tih sabirnih mjesta ili sličnih sabirnih mjesta. Ovim malim osobnim naporom doprinosite recikliraju vrijednih sirovina i pravilnoj obradi otrovnih tvari.

Ekológická likvidácia

Staré elektrospotrebiče sa nesmú likvidovať spolu so zvyškovým odpadom, ale musia sa zlikvidovať samostatne. Likvidácia v komunálnom zbernom mieste prostredníctvom súkromných osôb je bezplatná. Majiteľ starých spotrebičov je zodpovedný za prinesenie spotrebičov na tieto zberné miesta alebo na podobné zberné miesta. Týmto malým osobným úsilím prispievate k recyklovaniu cenných surovín a spracovaniu toxických látok.

Utilizacja przyjazna dla środowiska

Nie można usuwać starych urządzeń elektrycznych wraz z pozostałymi odpadami. Wymagają one oddzielnej utylizacji. Utylizacja przez osoby prywatne w punkcie zbiórki odpadów komunalnych jest darmowa. Właściciele starych urządzeń jest odpowiedzialni za dostarczenie ich do takich lub podobnych punktów zbiórki. Zadając sobie tak niewielki trud, przyczyniasz się do recyklingu cennych surowców i odpowiedniego postępowania z substancjami toksycznymi.

Környezetbarát hulladékezelés

A régi elektromos készülékeket nem szabad a nem szelektíven gyűjtött hulladékkal együtt kidobni, hanem a hulladékezelésüket elkülönítve kell végezni A közösségi gyűjtőpontokon a magánszemélyek ingyenesen leadhatják ezeket. A régi készülékek tulajdonosai felelnek azért, hogy a készülékeket ezekre a gyűjtőpontokra, vagy más gyűjtőpontokra elhozzák. Ezzel a kis személyes erőfeszítéssel Ön is hozzájárul az értékes nyersanyagok újrahasznosításához és a mérgező anyagok kezeléséhez.

Miljøvenlig hantering av avfall

Gamla elektriska apparater får inte kasseras tillsammans med restavfallet utan måste kasseras separat. Kassering på den lokala insamlingsplatsen för privatpersoner är gratis. Ägaren av gamla apparater ansvarar för att ta apparaterna till dessa insamlingsplatser eller till liknande insamlingsplatser. Med denna lilla personliga insats bidrar du till återvinning av värdefulla råvaror och hantering av giftiga ämnen.

Umweltverfassen fürgen

Ekki má farga gömlum raftækjum með úrgangsaleifum, heldur þarf að farga þeim sérstaklega. Förgun á almennum söfnunarstöðum er ókeypis fyrir einstaklinga. Eigandi gamalla tækja ber ábyrgð á að koma með tækini á þessa söfnunarstaði eða á svipaða söfnunarstað. Með þessu litla persónulega áttaki stuðlar þú að endurvinnslu verðmætra hráefna og meðferð eitrufna.

Çevre dostu bertaraf

Eski elektrikli cihazlar, diğer atıklarla birlikte bertaraf edilmemelidir, ayrıca atılmalıdır. Özel kişiler aracılığıyla genel toplama noktasına bertaraf işlemi ücretsiz olarak yapılmaktadır. Eski cihazların sahibi, cihazın bu toplama noktalanna veya benzer toplama noktalanna getirmekten sorumludur. Bu az miktardaki kişisel çabayla, değerli ham maddelerin geri dönüştürülmesine ve toksik maddelerin işleme alınmasına katkıda bulunmuş olursunuz.

This device is restricted to indoor use when operating in the 5150-5250MHz frequency range in all EU/EFTA member states and Turkey.

Im Frequenzbereich 5150 - 5250 MHz darf dieses Gerät in allen EU/EFTA-Mitgliedsstaaten und der Türkei nur innerhalb von Gebäuden verwendet werden.

Este dispositivo está limitado a su uso en interiores cuando esté funcionando en el rango de frecuencia de 5150-5250 MHz en todos los estados miembros de la UE/AELC y Turquía.

Cet appareil est réservé à un usage en intérieur dans une plage de fréquence de 5 150 à 5 250 MHz dans tous les pays membres de l'Union Européenne et de l'Association européenne de libre-échange, ainsi qu'en Turquie.

Il presente dispositivo è limitato all'uso in ambienti interni se utilizzato nell'intervallo di frequenze di funzionamento 5150-5250 MHz in tutti gli stati dell'UE/AELS e in Turchia.

Dit apparaat mag in landen van de EU/EFTA en Turkije alleen in binnennruimten worden gebruikt wanneer het frequentiebereik 5150-5250 MHz is ingesteld.

Este dispositivo está restrito para uso em áreas internas ao operar na faixa de frequência de 5150-5250MHz em todos os estados-membros da UE/EFTA e Turquia.

Использование данного устройства в частотном диапазоне 5150-5250 МГц разрешается только впомещениях во всех странах, входящих в ЕС/EACT, а также в Турции.
