UL Verification Services Inc.  
47173 Benicia Street, Fremont, CA 94538

Applicant: Casio Computer Co., Ltd.  
FCC ID: BBQDZD100ACA

To whom it may concern:

We, Casio Computer Co., Ltd. apply for FCC approval for our Digital Camera and submit the SAR test report of No. 12628030H-C.

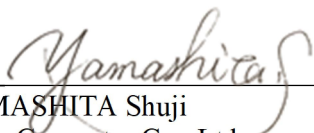

On the SAR test report, the EUT is the Communication Module (Model: TYPE1FJ), but it was tested with our Digital Camera (Model: DZ-D100) as a host product.

The Communication Module already obtained FCC modular approval, but we would like to obtain a new FCC approval for the Digital Camera which was also its host product.

Our Digital Camera install the Communication Module on the same setting conditions as that of the time of tested.

Therefore, we use the SAR Test Report of No. 12628030H-C on this FCC application for our Digital Camera.

Sincerely Yours,
