FCC Label ID Artwork

Drive 2, 730A101M Verizon
LASER ETCHING INSIDE BY YAG

Drive 2, 730A105M AT & T
LASER ETCHING INSIDE BY YAG

FCC Label Location

The FCC Label is located on the bottom of the device. It is etched into the plastic ring on the retaining ring by YAG laser. It is legible and indelible.

An example of the laser etched FCC label on a FieldView Drive 2.0 device.
