Dieses Produkt wurde unter Beachtung der in den Ländern USA und Kanada geltenden Richtlinien entwickelt und gefertigt. Die Konformität wurde nachgewiesen.

This product was developed and manufactured under observance of the guidelines applicable in the USA and Canada. The conformity has been proven.

Ce produit a été développé et fabriqué conformément aux directives applicables aux États-Unis et au Canada. La conformité a été prouvée.

**USA:**

FCC ID: 2AGZY-BFIDC03

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- this device may not cause harmful interference
- this device must accept any interference received, including interference that may cause undesired operation of the device

Changes or modifications not expressly approved by the party responsible for compliance voids the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Canada:**

IC: 20739-BFIDC03

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- this device may not cause interference
- this device must accept any interference, including interference that may cause undesired operation of the device

This radio transmitter 20739-BFIDC03 has been approved by Innovation, Science and Economic Development Canada to operate with the antenna types listed below. Antenna types not included in this list are strictly prohibited for use with this device.

- BIS C-300-PU1-05
- BIS C-305-PU1-05
- BIS C-306-PU1-05
- BIS C-310-PU1-05
- BIS C-315-PU1-05
