

<div></div>	<div><p><b>Product introduction</b></p><p>wireless charging seat design very modern, wireless charging technology and cool appearanceThe perfect combination of life will provide you with the wireless border, can be used with anyCompatible with Qi standards for mobile phones and devices, and provide absolute security.</p><p><b>Product appearance</b></p></div>	<div></div>	<div><p><b>Suitable equipment</b></p><p>1. appearance built-in wireless receiving device (Samsung S6, S7, S8, NOKIA 1520, LG NEXUS5 et al; 2. equipment for wireless charging device interface, the need to install the receiving coil equipment (Samsung)S5, Note4, etc.); 3. need to install a general purpose receiver (iPhoe, other Android phones, etc.).</p><p><b>Instructions</b></p><p>1. through the adapter, power supply for Wireless charging</p></div>	<div><p>2. connected to the Wireless charging in the absence of equipment placed, the product standby for green light</p></div> <div><p>3. Will need to charge the device on the Wireless charging will automatically start. At this time, the product will be based on the light of the theme of the color into a blue light, and to indicate the way the breathing lamp in charge.</p></div>	<div><p><b>Parts list</b></p><p>wireless charging base Instructions</p><p><b>Product specification</b></p><p>Model: H90WP1150-100      Universal output: 5.0V-1A Universal input: 5.0V-2A      Charge output: 9.0V-1.1A Charge input: 9.0V-1.7A      Transmission distance: ≤5mm Conversion rate: ≥70%</p><p>Product size:      125.7*125.7*17.9mm</p><p><b>Matters needing attention</b></p><p>1. please do not soak products, pay attention to the isolation liquid 2. use ambient temperature 0-35℃ 3. clean, disconnect the power supply</p></div>	<div><p>The product shall be powered by external power supply or other 5V DC source, which shall comply with LPI requirement of EUTEN 60950-1.</p><p>This product can be powered through a micro USB from any CE compliant power source that implement the European standard as requested by (EN 1201-140-52).</p><p><b>Warning</b></p><p><b>Fire and Electric Shock Hazard</b></p><ul style="list-style-type: none"><li>Do not expose the charger to liquid, moisture, humidity, or rain. Do not use the charger near a bathtub, sink, shower, pool, or steam room. Exposure of the charger to moisture could result in electric shock.</li><li>Do not drop, disassemble, open, crush, bend, deform, puncture, stretch, miswire, misconnect, pull on, or insert foreign objects into the charger. Such actions could result in electric shock.</li><li>Do not use the charger only with any cable.</li><li>Do not expose the charger to extremely high or low temperatures.</li><li>Do not expose the charger to exposure of excessive heat, such as a light bulb, fire, etc. Do not place the charger near open fire sources, such as gas burners, candles or fireplaces, and avoid contact with direct laser radiation. Do not place any candles or other open flame sources on the device. Make sure that the charger has sufficient ventilation.</li></ul><p><b>Accessories and Package Information</b></p><p>It is recommended that the following accessories should be used:</p><p>The product software version is different from the device. Software updates will be released to the manufacturer in light of market feedback after the product has been released. Changes, variations indicated by the manufacturer have been verified and are CE compliant with the related standards.</p><p>⚠ Caution: The charging cable, frequency range and output power are not accessible to the user, and cannot be charged by the user.</p><p><b>Accessories and Package Information</b></p><p>It is recommended that the following accessories should be used:</p><p>The product software version is different from the device. Manufacturer's Address: Floor 2nd-3rd, HONG Industry City, Lianjiang, Zhongshan Road, Beian District, Jiangmen City</p><p>CEC NOTICE (the USA)</p><p>The device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:</p><p>(1) The device may not cause harmful interference.</p><p>(2) The device must accept any interference received, including interference that may cause undesired operation.</p><p>The manufacturer is not responsible for any radio or interference caused by unauthorized modification or change to the equipment. Such modification or change will void the user's authority to operate the equipment.</p><p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential environment. The equipment operates, used and operates with frequency energy and, if not modified and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur if a particular piece of equipment is used in a particular environment. If interference is caused, users can be requested to turn the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p><ul style="list-style-type: none"><li>Reorient or relocate the receiving antenna.</li><li>Increase the separation between the equipment and receiver.</li><li>Connect the equipment to a different power outlet or to a different branch line.</li><li>Consult the dealer or an experienced technician for help.</li></ul><p>This equipment complies with FCC radiation exposure limits for unrestricted use, and is safe when used properly. The equipment should be installed and operated with minimum distance 20cm between the radiator and your body. The compliance level for the radio frequency exposure is as follows:</p></div>
