RF Declaration Letter

2024-09-03

FEDERAL COMMUNICATIONS COMMISSION
Authorization and Evaluation Division
7435 Oakland Mills Road Columbia,
MD 21046

To whom it may concern:

The RF Chip/module (nRF52840) supports the following functions:

2.4 GHz Transceiver, Long Range Bluetooth Low Energy,
Bluetooth mesh, ANT, 802.15.4, Thread, Zigbee

Now installed in the 2.4GHz BLE Module (FCC ID: 2AWP5WM8420),
only BLE 1M/2M/125k/500k are used, other functions will be disabled by
software.

We, IOTTECH CORPORATION assumes the liability against any problems or
damages that might occur in relation to this issue.

Sincerely Yours,

Issac Chen/General Manager
