

APPENDIX A: CHANGED EUT COMPONENTS

Please refer to the following page for a list of the changed components in the EUT; the reason for this Type II permissive change report and application.

Below is the list of the changes applied to the new version of DJ-S40T
compare to the current version:

Component / Old > New

- (1) Power amplifier Q3: MRF9745 > 2SK3074
- (2) Pre-driver IC1: μ PC2771T > μ PC2771TB
- (3) 3Vdc regulator IC10: S-816A30AMC > XC6202P302PR
- (4) CPU IC7: M38224M6H155HP(XA0853) > M38224M6M233HP (XA0903)
- (5) Printed circuit board UP0433 > UP0446B

The above changes are mentioned on the following documents:

Parts list: All (1) to (5)

Block diagram: (1),(2),(3)

Schematic diagram: (1),(2),(3)

800MHz cellular block letter: (4)
