FluentPet

Go to fluent.pet/getstarted for more detailed instructions, troubleshooting, and to view video instructions.

What's included

- ① Base HexTile
- ② Buttons (6)
- ③ Button covers (6)
- ④ Faceplate fasteners (6)
(to be used with Faceplates, not included)
- This manual
- USB Charging cable

Requirements

Networking requirements: A smartphone supporting iOS 12 or later, or Android 10 or later. The FluentPet Connect System connects directly to your home's WiFi network (wireless 802.11g standard—at 2.4 GHz; WEP, WPA or WPA2 personal security; Automatic (DHCP) IP setup (static IP configuration is not supported)).

Fold

Connecting your Base HexTile

Installing your first button

Tip: Start with just one button until your learner is ready for the next one. Be patient—adding more buttons is a good thing, but some learners can get overwhelmed, so be careful about adding too many at once.

Magenta represents dieline
