Getting started

① Charge the battery.

② Insert or remove the microSD card.

③ Insert or remove the SIM card.

Home screen

You can bring all of the items (applications, shortcuts, and folders) that you use most frequently to your Home screen for quick access.

Touching the **Home** button always takes you back to the main Home screen.

1 Open **Settings** to view the full list of settings

2 Touch and drag down to open the Notification panel

Phone call

Making a call

Enter the desired number from the keyboard and touch ⬤ to make a call.
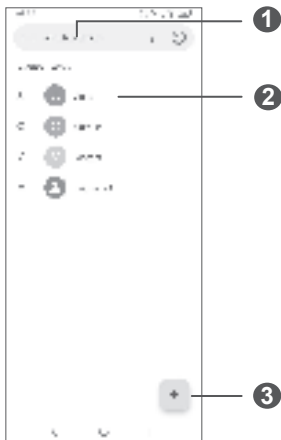

Answering a call

When you receive a call:

- Touch **ANSWER**, or swipe up 🔵 to answer;
- Touch **DECLINE**, or swipe down 🔵 to reject;
- Touch ⬜ to reject the call by sending a preset message.

Contacts

You can view and create contacts on your phone and synchronize these with your Gmail contacts or other applications on the web or on your phone.

1 Search in **Contacts**

2 Open the Quick contact panel

Touch and hold to share or delete the selected contact

3 Add new contact

# Messaging

You can create, edit, and receive SMS and MMS.

An SMS will be converted to MMS automatically when media files (image, video, audio, etc.) are attached or subject or email addresses are added.

1 Send the text message
2 Insert emoticons

Gmail

The first time you set up your phone, you can select to use an existing Gmail account or to create a new one.

1 Account information

2 See options and settings

3 Swipe right or left to archive the email

4 Create an email

Help

To get help:

- **View user manual and FAQ**

  www.alcatelmobile.com

- **Update your phone's software**

  Go to **Settings** > **System** > **System Update** to check software updates.

- **Back up your personal data**

  Go to **Settings** > **System** > **Backup** > **Back up** to **Google Drive** and turn it on.

- **Reset your phone**

  Go to **Settings** > **System** > **Reset** > **Factory data reset**, and then touch to reset your Phone.
