Re: Change of Identification for FCC ID: **NKRD54A1**

We hereby request a change in identification as specified under 47 CFR §2.933 of the FCC rules. This change applies to the **D54A1, Connected Cooler Radio USA and North America version**, originally granted on **01/05/2017** with FCC ID: **NKRD54A1**. **Wistron NeWeb Corporation** intends to market the above referenced product under new FCC ID: **NKRD54A4**. The product bearing the new FCC ID is electrically identical to the originally certified equipment. The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely yours,

Handwritten signature of Brian Lin, dated 10/28/21.
