LIGHT STRIP EXTENSION CONTENTS CONTENU DE LA BANDE D'EXTENSION

Smart Strip Extension
1. 40-Inch C by GE Smart Light Strip
2. Extension cable (power supply sold separately)

Extension de bande intelligente
1. Bande lumineuse intelligente + C BY GE +
de 1 mètre
2. Raccordage (alimentation vendue séparément)

TRIM (IF DESIRED) Once the strip is trimmed, an extension cannot be added. COUPER (SI DÉSIÉ) Une fois la bande coupée, une extension ne peut plus être ajoutée.

1 Measure
Mesurer

2 Cut to Length
Couper à la longueur désirée

Make sure the strip is not plugged in at the wall when cutting.
Assurez-vous que la bande n'est pas branchée au mur avant de couper.

NOTE: Only the strip when down on tape above. Other areas will permanently damage the strip. The part that is cut from the strip is no longer usable.
REMARQUE : Couper seulement la bande au-dessus du ruban adhésif. Toute zone endommagée de la bande ne peut plus être utilisée.

STRIP BENDING OPTIONS OPTIONS DE PLIAGE DE LA BANDE

INSTALL INSTALLER

1 Clean & dry surface
Nettoyer et sécher la surface

2 Peel off tape
Détacher le ruban

3 Stick to surface
Coller à la surface

Adhesive may damage wall or painted surface if removed. Please use only dry to surface to ensure proper adhesion.
L'adhésif peut endommager les murs ou les surfaces peintes si elles sont retirées. Utilisez uniquement des surfaces sèches pour assurer une bonne adhérence.

EXTEND (IF APPLICABLE) RALLONGER (SE CAS ÉCHÉANT)

1 Attach
Joindre

Unplug from the wall prior to attaching extension.
Remove plastic cover from end to link strips.
NOTE: Light strip can be extended up to 32 ft.

Débranchez du mur avant d'ajouter une extension.
Enlevez le couvercle en plastique de l'extrémité pour relier les bandes.
REMARQUE : La bande lumineuse peut être rallongée jusqu'à 9 mètres.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:
(1) This device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme aux normes d'Industrie Canada en matière d'exemption de licence pour les RSS standard(s). L'utilisation est soumise aux deux conditions suivantes:
(1) L'appareil ne doit pas causer d'interférence, et
(2) l'appareil doit accepter toute interférence, y compris toute interférence qui pourrait entraver le fonctionnement de l'appareil.
