

Date: June 13, 2018

To: FCC

FCC: Q95ER22

To whom it may concern,

The previously certified device, the scala rider FREECOM2 & FREECOM4 received FCC certification on FEB 14, 2017 under FCC: Q95ER22.

Subsequently, in the new device, the FREECOM 4+, the following changes were made:

1. Added some new decorative mechanical feature to the housing.
2. Added U11 – Optimize charger protection.
3. Added SW5 – encoder for volume settings.
4. Adding the following passive for U11 component operation:
R93,C18,C108,C116,L5,C117,C109,C110,R96,R95,C118

Thank you,
