

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph showing two small, circular electronic components (one green, one blue) placed on a blue textured surface. A black ruler with white markings is positioned below the components, showing measurements in millimeters. The components are located between the 10mm and 20mm marks on the ruler.
Solder Board-Component View 2	 A photograph showing the same two small, circular electronic components (one green, one blue) from a different angle. They are placed on the same blue textured surface. A black ruler with white markings is positioned below the components, showing measurements in millimeters. The components are located between the 10mm and 20mm marks on the ruler.

Solder Board-Component View 3	 A photograph showing two yellow cylindrical components, likely batteries, resting on a black surface. A white ruler is placed horizontally below the components, with markings in millimeters (0 to 50) and centimeters (10 to 40). The components are positioned between the 10mm and 20mm marks. The background is a blue textured surface.
Antenna View	BT Antenna  A photograph of a small, white, cylindrical component, identified as a BT Antenna, resting on a blue textured surface. A red rectangular box highlights a small component on the antenna's base. A red line points from the text "BT Antenna" to this highlighted area. The antenna's base is visible, showing various electronic components and a date code "20241130".
