RE: Class II Permissive Change

To Whom It may Concern:

Proxim Corporation authorizes LXE Incorporated to file a Class II permissive change to Model # B11FNF bearing FCC ID: HZB-B11FNF. The reason for the permissive change is to add 9 antennas to the current file.

The product will not be modified in any way and is identical physically and electrically.

Please feel free to contact me directly if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mark Koop", with a long horizontal flourish extending to the right.
