Dear FCC:

Re: FCC ID: QIPALAS66A-W

During upload to FCC database unfortunately the both documents HID as "hardware integration manual" (confidential) and the HIO as "user manual" was unintentionally swapped.

As this is a critical situation for customer I here with kindly as for correction and change of the documents as;

HID -> Integration manual

HIO -> user manual

Many thanks

Regards,

Andreas Tübel

Project Manager
