Declaration of M3E HF Product Similarity

To whom it may concern:

This letter confirms the test data and reports generated for existing M3E products (M3E-X/SUB-10032 & M3E-S/SUB-10031) documented in RF Test Report #FCC_IC_SL20051401-JAD-003_HF, dated 08/06/20 are applicable to two new members of the M3E product family, namely M3E-X/SUB-10039 and M3E-S/SUB-10038. The HF circuitry in these two new products is electrically equivalent to the previous products.

The FCC ID of the previously certified products is below:

FCC ID = QV5MERCURY3E

We request TCB to apply the HF test results from these prior reports to this certification for these two new products.
