Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is irregularly shaped and features various electronic components, including a large black circular component (likely a speaker or microphone) and several smaller components. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) from 0 to 100.
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The component is a small, rectangular board with several gold-plated pins or contacts. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) from 0 to 100.

Solder Board-Component View 4	 A photograph of a small green printed circuit board (PCB) component with gold-colored solder joints. The component is positioned on a blue textured surface. A black ruler with white markings is placed below the component, showing measurements in millimeters. The ruler markings are visible from 0 to 90 mm.
Solder Board-Component View 5	 A photograph of a rectangular silver-colored battery component with yellow tape. The battery is positioned on a blue textured surface. A black ruler with white markings is placed below the component, showing measurements in millimeters. The ruler markings are visible from 0 to 60 mm. The battery has text printed on it: "- SUN 802535 2.22Wh" and "+ 3.7V 690mAh 2012".
