Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: 2APJ4-SNM900, Original grant date: December 30, 2020

The major change filed under this application is :

1. The subject approved module is being used in the following host.
 - Product name: Tablet
 - Models: M278FQC, M276FQC
 - Brand: FLYTECH
2. SAR Test report is provided to demonstrate RF exposure Compliance.
3. EMC has been evaluated as not degrade the characteristics that reported to the FCC at the original certification
4. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
5. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
6. The client modes operate in each frequency band are same as it is in the original grant conditions. But the host only supports WLAN 5GHz B1, the other bands are disabled by the software.
7. Adding new antenna(s), please refer antenna report for details.

Sincerely,

(Signature)
