### Modular Approval Request

FCC ID: 2ASVZ-03

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Complies. The RF elements are shielded within a folded sheet metal shield can.	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Complies. There is no support for external modulation. All modulation is performed within the RFIC.	
(c) The module must contain power supply regulation on the module	Complies. The module is supplied with unregulated 4-6 VDC, and contains regulators to step down to 3.3 V, 1.8 V, and 1.2 V.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Complies. There is no support for an external antenna. The antenna is etched on the PCB and has a fixed gain of 5 dBi for each of the 3 transmitters.	
(e) The module must demonstrate compliance in a stand-alone configuration	Complies. Testing was performed with the unit stand-alone.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Complies. The label will be attached as shown in the example provided.	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Complies. A user guide will be provided.

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Complies. See report.	

\* Please provide a detailed explanation if the answer is "No."

Sincerely,

Signed:
