

EUT INTERNAL PHOTOGRAPHS

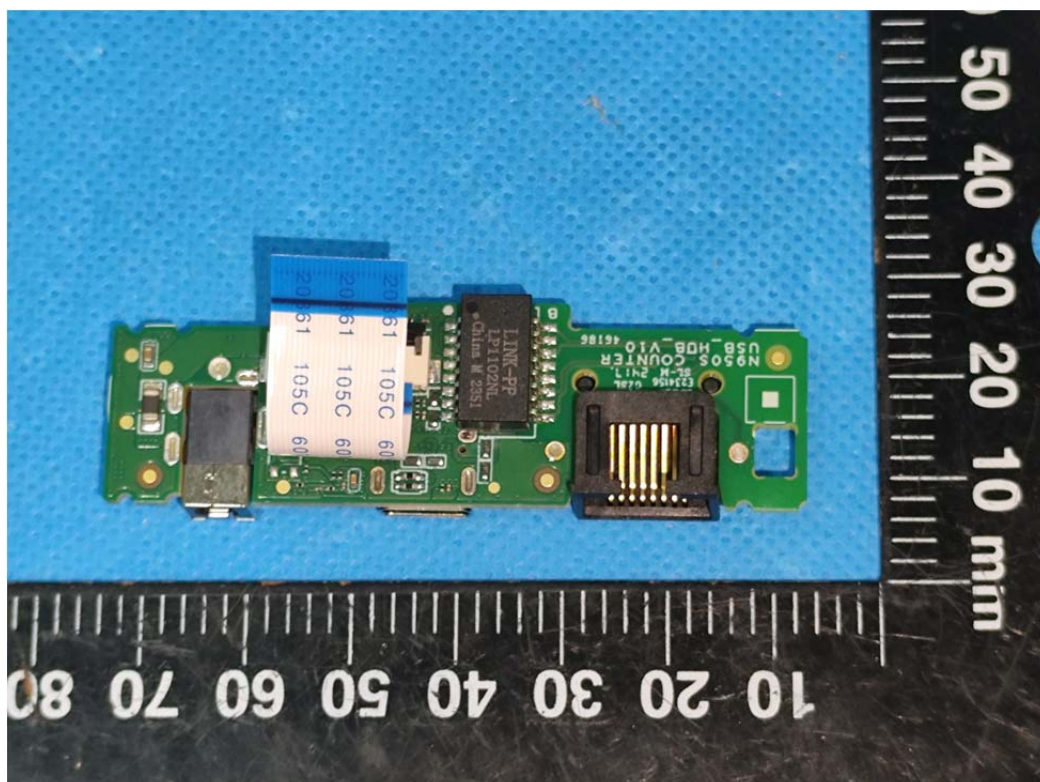

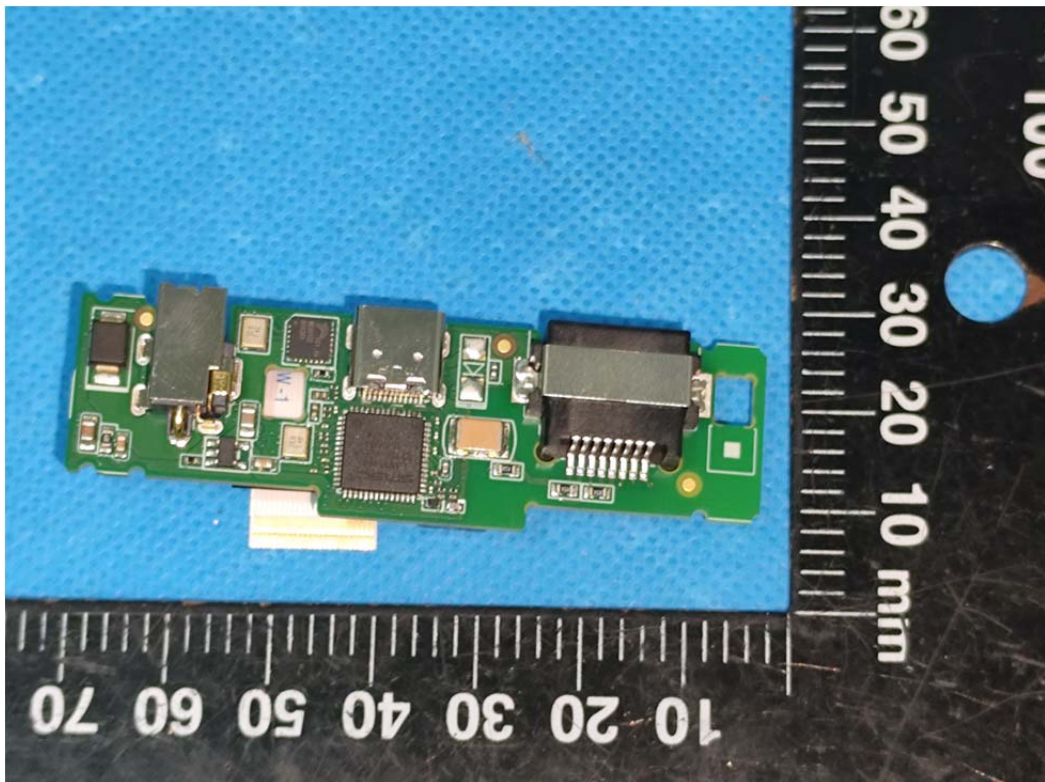

A close-up photograph of a black electronic component, likely a power MOSFET, mounted on a blue surface. The component has white text printed on it: 'N950S-3IN1-V10A' and 'ZTX-2415'. The component is a TO-18 package, which is a small, cylindrical metal can. The text is printed in a sans-serif font. The component is oriented horizontally, with the text facing the viewer. The background is a solid blue color.
