RE: Request for Short-term Confidentiality under FCC Part 15 Certification

Applicant: **VTech Electronics Ltd.**

FCC ID: G2R-1947A

To whom it may concern,

Short-term Confidentiality

Request is hereby submitted by **VTech Electronics Ltd.** to withhold from public review for a period of 45 days from date of the Grant of Equipment Authorization and prior to marketing, certain portions of application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR § 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for a period of 45 days from date of Authorization :

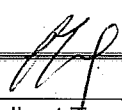

- Test setup photos
- External photos
- Internal photos
- User Manual

The rationale for request for confidentiality:

VTech Electronics Ltd. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the short-term confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development.
