Subject: Request for **Short Term Confidentiality**
FCC-ID: 2AP3M-G1

To whom it may concern:

In accordance with §0.457(d) and §0.459 of CFR 47, **iBeat Inc DBA 100Plus** requests short term confidentiality for the following items:

1. External Photographs
2. Internal Photographs
3. User / Instruction Manual
4. Test Setup Photographs

until the product is publicly announced. Short term confidentiality release period is **180 days**.

These items contain detailed system and equipment descriptions which our company considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. This information could also be of benefit to our competitors, and disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

We are informed and aware of our obligation to inform the involved TCB in writing and in due time if we intend to market the product prior to the expiration of the above mentioned confidentiality period so that the short term confidentiality classification can be reset prior to product launch.

We are aware that exhibit types *cover letters, attestations, label document, test reports, RF exposure information (SAR and MPE reports)* cannot be requested to be classified confidential and are thus subject to publication, as will be documents of all other exhibit types for which we have not requested a confidentiality classification.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Peter Antypas", with a stylized flourish at the end.
