Columbia, MD 21046

Subject: Description of Permissive Change

Dear Sir/Madam,

We, ABB, Inc., hereby authorize Bay Area Compliance laboratory Corp (hereafter referred to as BACL) to act as a laboratory for testing and test report generation for the following project(s):

FCC ID: P9J-642401, Model: M41010x0G

This project is a Permissive Change II submission for the purpose of Reason of

1. Increase antenna gain to 13 dBi
2. Replace PCI-E connectors with RJ45 and add additional components to support this change (no affect on RF characteristics).

We affirm that between BACL and ABB, any difference in understanding, including test plan, measurement methods, applicable standards and relevant procedures and processes have been resolved prior to commencement of testing activities.

This authorization is valid until further written notice from the applicant.

Sincerely,

Andrew Balaschak  
Director of Product Managment
