Connect

Function	Button	LED
Power On	Press & Hold for 3 Seconds	IS ON
Power Off	Press & Hold for 3 Seconds	IS OFF
Pairing	Press & Hold for 1 Second	BLINKS
Pairing Complete		IS ON
Pairing Failed		IS OFF
Stand-By Mode (When Device is out of range)		BLINKS FAST
Sleep Mode (After 3 minutes of Stand-By)		BLINKS SLOW

Xstream S1 will go into Stand-By Mode if the mobile device is out of range. It will automatically reconnect once within range. If it remains out of range for 3 minutes, it will go into Sleep Mode. After 20 minutes of Sleep Mode, Xstream S1 will Power Off to save battery. You can press any button to get out of Sleep Mode.

On an iPhone, iPod or iPad
Go to **SETTINGS > GENERAL >**
and enable **BLUETOOTH**.

Find the speaker under **Devices**
List and choose it to connect.

Limited Warranty

Adesso provides a one year limited warranty for all of its products against defects in material and workmanship.

During this period, Adesso will repair or replace any product which proves to be defective. However, Adesso will not warranty any product which has been subject to improper freight handling, shipping abuse, neglect, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you provided you return it during the warranty period with freight charges pre-paid to Adesso. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

Product Overview

FRONT VIEW

Introduction

The Adesso® Xstream S1 Bluetooth® 3.0 waterproof portable speaker has a waterproof silicon material that passes the IPX 6 Standard, protecting against heavy splashing and rain, allowing you to listen to your music or answer the phone in the shower, the pool, or anywhere. In addition, it is dust and shock resistant, offering protection from the Earth's elements. Slick, modern design with 5 vibrant colors to choose from, you can now enjoy an even fuller, bolder, and louder sound with a touch of a button.

Small enough to fit in your pocket or a carrying bag, Xstream S1 delivers incredible audio performance using its built-in bass system to provide you with rich sound and exceptional treble.

Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
