

Model Difference Letter:

For product certification FCC ID JPZ0146 and ISED ID 2851A-JPZ0146 the following Product Marketing Names are present:

A-WN-D01-RF A-WN-D01-OCC

These devices all utilize the same PCB and wireless circuitry hardware.

Description of differences: Model A-WN-D01-OCC (tested model) includes an onboard PIR Occupancy Sensor so the device can support native room occupancy scanning. The model number A-WN-D01-RF utilizes the same PCB and wireless circuitry but the PIR circuit is not populated in manufacturing. Testing on the A-WN-D01-OCC device covers the evaluation of the A-WN-D01-RF.
