

## 天线参数 Antenna Parameter

| 机 型     | W-N70ST/PT880 |              |                   |                  |
|---------|---------------|--------------|-------------------|------------------|
| 频段及天线材质 | 天线            | 频 段frequency |                   | 材 质<br>materials |
|         | BT天线          | GWB          | 1575. 42MHz/2. 4G | FPC              |
| 性能要求    | 按客户要求执行       |              |                   |                  |

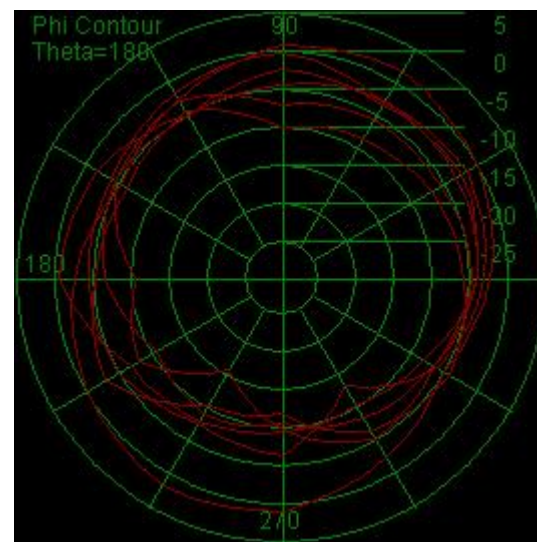

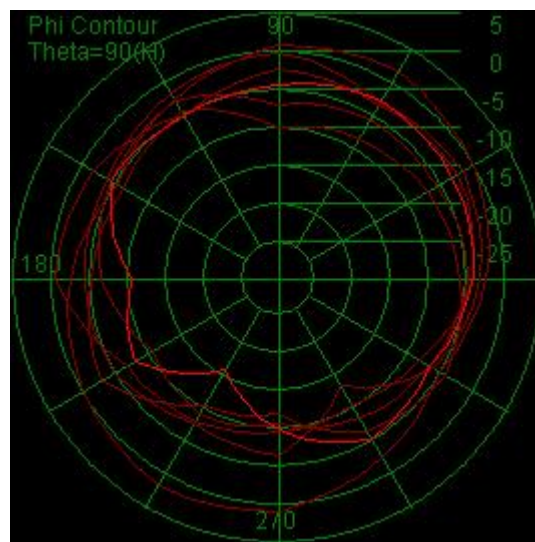

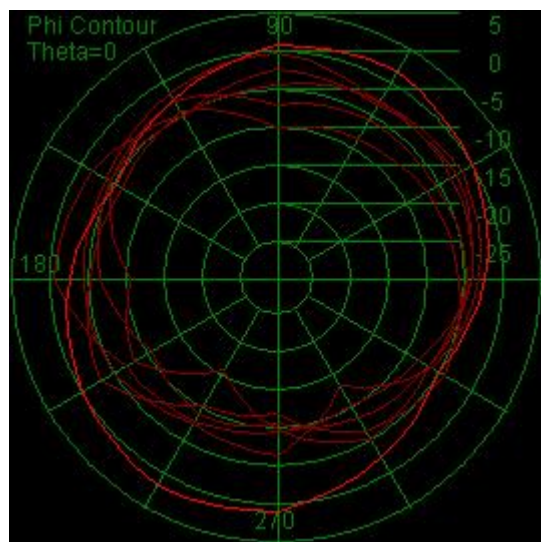

## BT/WIFI无源效率

| Freq<br>(MHz) | Effi<br>(%) |
|---------------|-------------|
| 2400          | 31.2        |
| 2420          | 32.6        |
| 2440          | 34.2        |
| 2450          | 35.3        |
| 2460          | 33.8        |
| 2480          | 32.5        |
| 2500          | 30.7        |
|               |             |

## 天线无源方向图——2400MHz

## 天线无源平面图——2400MHz

## 天线增益Antenna gain

| Band           | Gain (MAX) dBi |
|----------------|----------------|
| <b>BT/WIFI</b> | <b>0.46</b>    |
|                |                |
